VAPOR INDUSTRY LEADERS COME TOGETHER TO SUPPORT COLE-BISHOP

WASHINGTON, DC – Today, vapor industry leaders representing small businesses and consumers across the country came together to support the "FDA Deeming Authority Clarification Act of 2017" (HR1136). This bipartisan legislation, introduced by Representatives Tom Cole and Sanford Bishop, would lift the industry-killing effect of the retroactive predicate date in FDA's recent deeming regulations on electronic cigarettes, while instituting regulations that better fit the unique nature of vapor products.

In a letter of support to party leaders on both sides of the aisle, the Vapor Technology Association, Smoke Free Alternatives Trade Association, American Vaping Association and Consumer Advocates for Smoke-Free Alternatives Association praised Representatives Tom Cole and Sanford Bishop for their bipartisan effort to ensure this groundbreaking technology continues to be available as a healthier alternative for adult Americans.
