JOIN TODAY! DEFEND YOUR RIGHT TO VAPE

Vapor Technology Association (VTA) is the leading national, member driven association dedicated solely to protecting the rights of adults to access vapor products. For the past five years, VTA has lobbied for the protection of flavors, responsible tax systems and other regulatory matters in Washington, D.C. and in state capitals across the country. VTA's strength is embedded in our network of manufacturer, distributor, vape store, and state association members, but the real power of vapor will be unleashed with you joining our fight.

VTA is taking the fight to the next level by combining the power of consumers and businesses into the largest vapor advocacy association defending your right to vape.
